43 (SPLIT C) While the country was still reeling from the recession and the impact of September 11th, they rejected a stimulus plan to give individuals and investors more of their own money back. 49 (SPLIT C) Now, more than ever, we need more responsibility and accountability. But the Bush administration and Republicans have given a green light to some of the worst abusers. Big retroactive tax cuts for the biggest corporations, like Enron. Making pension abuse easier. Shifting the cost of environmental clean ups from industry to taxpayers. Relaxed air pollution regulations for coal-burning power plants. And putting companies in charge of their own oversight. We really need leaders in Washington who will insist on greater accountability from those at the top, not just those on the bottom. ....	31	34	19	9	7	65	28

50 (SPLIT D) The administration and Republicans are a threat to people's future retirement. They seem more interested in helping their corporate supporters than ordinary employees and investors. They failed to step in to give greater protections for private pension and 401k plans. And they've borrowed 2 trillion dollars from the Social Security trust fund to pay for tax cuts for the wealthiest, with no plan to repay the fund. 51 Democrats in Congress have failed to show the leadership needed to protect the American people.
